

PLEASE READ:

FLIGHTS HAVE BEEN VERY LIMITED DUE TO COVID RESTRICTIONS—but WE CAN FLY..... HOWEVER, PLEASE SHIP VIA UPS IF AT ALL POSSIBLE

*We've got a great group of stallions who have a lot of mares booked and will be very busy this breeding season. Please read all of this information and give it to your vet or mare manager.

*We ship on Monday, Wednesday and Friday only.

*You **MUST** Call **Kim Dean at 903-815-3347** the day before a shipping day to place your order for a shipment. I answer my phone 24 hours a day—if you don't reach me, leave a message and I will call you back as soon as I can.

***If your mare is on the 'tentative' list for shipping, we must have confirmation by 7AM CST.** We will do our absolute best to accommodate you if your vet is running late, but we **MUST** be kept informed or you can be bumped off the list. Multiple mare owners fly their shipments and with COVID restrictions at the airports, the couriers need the semen ASAP in the morning to be able to make the limited number of flights available.

***Make sure your vet is checking your mares on our 'non-shipping' days as we begin to collect the stallions at approximately 6-7am CST on M/W/F.**

*We do not take shipping orders via text as we want to make sure we are receiving all texts. **PLEASE CALL** with your shipment order so you we will both have voice verification about your shipment.

*I will verify your shipping address each and every time you call for a shipment. For shipments the leave on Friday, please make sure you get UPS Saturday delivery. at your location *It is our goal to ship two doses--**but always have your vet plan for ONE dose.** Mares at the top of the list will get two doses based on availability, so call and get her on the list ASAP.

*Stallions cannot be collected a 2nd time the same day, so please call in time to place your order.

We're looking forward to a GREAT breeding season! Should you have mares that you haven't booked yet, please look over the attached list of the stallions we have available for you--they are some of the finest stallions in the nation and are priced extremely well.

Each one of the stallions has a Facebook page where you can find out additional information about them, look at baby pictures or watch videos. Feel free to call/text/email me anytime for questions!

This is my personal cell phone and I answer it 24 hours per day unless I'm on the other line. If you don't reach me, please leave a message. I will ALWAYS return your call. Your shipping address will be confirmed before shipment. Your UPS tracking info will be sent via text after UPS has picked up semen boxes.

We ship on Monday, Wednesday & Friday ONLY

We ALWAYS want to ship to you when your mare is a breeder. **THEREFORE, I MUST know the day BEFORE a shipping day** if you're having your mare checked early (by 7AM EST) on a breeding day so we can save (if possible) that stallion until last to collect—mares that are on the tentative list MUST confirm/cancel by 7:30 am EST on a shipping day so that shipments that need to fly out may get out as early as possible.

We ship on a first called-first served basis. We've got some very popular, busy stallions and while we always want to ship two doses, per our contract, one concentrated dose will be shipped if it's available—however, if 2 doses ARE available, they will be shipped to the people at the top of the list—so confirm early!! We cannot guarantee we will have semen available if you have called in late. We will not collect the stallion a second time the same day *after* a Stallion has been collected, extended, packaged in order to preserve semen integrity for all mares. We start collecting ~ 5AM CST, therefore, **we MUST know the day prior to a shipping day** if you will need a shipment for your mare.
